

## CARLO "SUPERSONIC GIRLS CAN NOT DANCE REMIXES"

January 5th, 2009

### PRESS RELEASE

The Three Magician Kings have come to NeovinyL. Passing the whole year being good and passing our exams, we have found under the tree a few marvellous remixes. Done deep in the heart of eight friends and brought from the country of Bottlesmoker: The Supersonic Girls are back!

This LP consisted exclusively of remixes, counts with artists already recognized in the netlabel scene and new incorporations. Compose the list: D.Mind, Yin Elek, Jon Doe, Baldo, V.Rotz, Maik Yells, Sam&Dave&Lowran and D.Soul. Together they have created an album replete of brilliant moments crossing all the styles. During the listening, we will enjoy tracks which go from the acid house of Baldo, to more techno stuff as Yin Elek's or Sam&Dave&Lowran's tracks.

It's a pride to present a work as this one, only we still have to be grateful one more day for all those who make possible that NeovinyL is a reality, and why not, to distinguish from each one of the artists, the work that they have been dedicated to this release. Thank you.

We wish you a happy day.
